

2026 Certificate of Compliance

Advanced Digital Cable certifies that any product containing a national testing laboratories mark conforms to all the testing requirements for that mark. ADC also certifies that all our products conform to our individual listing files for each product type. Our wire has been independently tested and verified to prove compliance with those marks. The national independent laboratory marks include UL, ETL, and CSA. ADC also certifies that all our marked wire has passed and will continue to pass all the random sampling requirements to bear those registered trademarks. These tests cover our products mechanical and electrical compliance with all standard ANSI and NEC specific product requirements.

Products include, but are not limited to:

UL 4703 Photovoltaic Cables
Tray Cable products
Low Voltage products
Coax products
AWM products
MTW products

And all other products bearing any of the following registered trademark independent testing laboratories:

CSA
ETL
UL
