Subject: California's Proposition 65 compliance.

Dear Valued Customer:

We have performed our due diligence and reviewed the raw materials used to formulate the items produced by Advanced Digital Cable (ADC). None of the products produced by ADC contain any of the compounds listed or contain levels below the "safe harbor level" as stated in California's Proposition 65 requirement listing as of Jan 2025. (Some of these items are Lead (Pb), Cadmium (Cd), Mercury (Hg), Hexavalent chromium (Hex-Cr), Polybrominated biphenyls (PBB), and Polybrominated diphenyl ethers (PBDE)). A complete list of the items is available on their website: <https://oehha.ca.gov/proposition-65/proposition-65-list> Currently, all suppliers of Advanced Digital Cable ensure none of their raw materials that Advanced Digital Cable purchases have any items found on the Substance of Very High Concern (SVHC) or at levels making them items of concern as defined by Proposition 65.

Sincerely:

Steve Tant
Quality/Safety Manager
